Failure to play a match on the appointed day, or such other day as agreed by the Competitions Sub-Committee, will result in the elimination of the side deemed responsible by the Competitions Sub-Committee.

7.All results must be notified in writing to the Competitions Officer by the winning side which shall give the name of the Referee and Society of which he is a member. Results must reach the Competitions Officer not later than 48 hours after the closing date of the Round. A failure to notify may result in disqualification.

8.The Final will be played on a date and at a ground to be decided by the Competitions Sub-Committee which will be responsible for making all arrangements for this match. All expenses, except travelling expenses, shall be borne by the County Union which shall dispose of any profit arising by distribution to the participating clubs in a manner decided by the County Union.

9.If at the end of normal playing time the scores are equal, the team which has scored the greater number of tries shall be deemed the winner. If the number of tries is equal, the teams will change ends and continue playing a further 10 minutes each way. If at the end of this period the **scores** are

still equal and the number of tries are equal then there shall be a replay on the visiting team's ground or if mutually agreed between the two teams, the match may be decided by the toss of a coin – the visiting team to call.

In the case of the Final, if after forty minutes play each way the scores are level there shall be an immediate period of extra time of ten minutes each way with a one minute interval. If the scores are then still equal the team who scored the most tries shall be the winner. If after extra time there shall be an equality of scores and of tries, the team that has scored the most goals from tries shall be the winner. If this does not produce a result, there shall not be a replay and the trophy will be shared.

10. The Referee shall have the power to order play to commence fifteen minutes after the official kick-off time, which for all games except any matches that take place in August and April, shall be 2.00 pm, unless otherwise agreed with the Competitions Officer

A Club that does not fulfil its first match will be excluded from the Plate Competition. The Plate Competition will be drawn following the second round of the Kent Cup & Kent Shield and each round will be subject to a fresh draw.

Shepherd Neame Kent Merit Leagues Playing Regulations

1 The objective of the Shepherd Neame Kent Merit Leagues is to retain players in amateur rugby, by providing a structured arena to play fixtures.

2 The Shepherd Neame Kent Merit Leagues (also referred to as SNKML) will consist of:

Kent Invicta Leagues with teams drawn from 2, or 3 XV's of Kent 1XV teams playing in the English Clubs Championship, and 1st XV's of Kent clubs not playing in the English Clubs Championship.

Metropolitan Leagues with teams drawn from within a defined geographic area of suburban London and as listed in the County Handbook (for guidance, inside the M25 Motorway), or from Kent Rural clubs as otherwise agreed.

Kent Rural Leagues with teams drawn from non-suburban Kent clubs and as listed in the County Handbook (for guidance, outside the M25 Motorway), or Kent Metropolitan Clubs as otherwise agreed.

Metropolitan and Kent Rural Leagues may also accept teams from adjacent RFU Constituent Bodies if deemed appropriate and they affiliate to Kent County RFU.

3. Each League will be run by the League Committee of not less than three people, all of whom are to be elected by the relevant member clubs,

4. A Member club is a club which has at least one team entered into the League, and has not been withdrawn from the competition, and has paid the relevant annual stipulated fee.

4.1 An annual stipulated fee of £25.00 (twenty five pounds only) is to be paid by member clubs for each team entered in the Shepherd Neame Merit League Competition.

5. League fixtures are to be played on a home and away basis in each season unless special circumstances apply. A League structured playing season detailing fixtures and playing dates will be provided to each member club prior to the commencement of each season, including requested and agreed changes. The structured season will also be posted on the Kent and RFU websites when finalised.

5.1 All League fixtures must be completed by 30th April each year.

6 If fixtures cannot be played on the scheduled date the teams are obliged to explore alternative dates to reschedule the fixture. Rescheduled fixtures need not be confined to Saturday afternoon.

6.1 Dates for playing any postponed fixtures, shall be agreed by the clubs and ratified by the League

6.2 Any fixtures not played on the original date, or successfully rearranged will be deemed forfeit.

7. A team which finds itself needing to cancel a fixture, must contact the opposition before 2 o'clock pm on the day before the fixture, Cancellation must be made by making contact with an official representative of the club by telephone, or if needs must, via exchange of a voice message, email or text (or other such technical method). Contact is not considered to have been made until it has been acknowledged by the recipient. The teams are reminded of their obligation under rule 6 to find an alternative and mutually agreeable date to reschedule the fixture.

7.1 Any team that withdraws or is withdrawn from the league will have all records of results declared void and deleted from the respective league table to provide a fair and level competition for the remaining teams in that table.

7.2 Any team that gets close to forfeiting 25% of their league fixtures will be given written notification of this and warned of the possible consequences which may include disqualification from the league.

8 It is recommended that the basis for use of Replacements is;

8.1 Replacements will be a maximum of three (3)

8.1.1 Rolling subs may be used. Law 3.14a is amended as follows; there is no limit to the number of substitutions that may be performed from the nominated replacements defined in Rule 8.1 or otherwise agreed in accordance with Rule 8.2.

8.2 In circumstances where either team or both teams have more than the maximum of three (3) replacements available, and in the spirit of the SNKML to field the available players, the respective captains and the appointed referee may agree to play the match with the one/or both team(s) using more than the usual maximum recommended number of replacements (as stated in Rule 8.1 above). This agreement must be secured before the match and reported when confirming the result.

8.3 If one team has less than 15 players and the op-

posing team has replacements, the replacements are to be encouraged to play for the opposition.

8.3.1 No replacements are permitted to take to the field if the opposition has less than 15 players available. This rule is not intended to be applied if the reason for reduced numbers is due to injury or the supplication of red or yellow cards by the referee.

8.4 Law 3.5 is amended so that the minimum number of nominated front row players is always 3 for SNKML matches. The effect of this change on recording results is as follows: Where a match starts with both teams having qualified front row, the score will stand and a win claimed, in the usual way, even if the match has to go to uncontested scrums during play due to a lack of a qualified replacement. In the event a match has to start with uncontested scrums, due to the absence of a qualified front row in one team, that team cannot go on to claim the league points for a win. If that is the outcome of the match after it is completed, the match will be recorded as having been drawn.

8.5 In the event of a match being played with uncontested scrums, it is not necessary for either team to reduce the number of players on the pitch as a result of Law 3.6, unless as a result of suspension.

9. The scoring system will be four (4) points for a win, three (3) points for a draw, one (1) point for playing and nil (0) points for a default (i.e. walk over).

9.1 One (1) bonus point will be awarded to a losing team if the final score line is within seven (7) points or less.

9.2 Regardless of the final score in any league match the widest point's differential that would be entered for league table purposes is forty (40) points.

9.3 Subject to Rule 7 above; any member club that calls off a league match without being able to successfully rearrange the match, renders the opposing team forty (40) score points and a win four (4) points and scores no points themselves.

9.4 Both clubs must report results to their respec-

tive league committee by 7.00 p.m. on the Monday immediately following the match either by telephone, email or other agreed procedure.

9.5 The League results and tables will be regularly updated, forwarded to league contacts and posted on the Kent and RFU websites.

10 Presentation of trophies will be made to the winning clubs at the end of each season. Plaques for the winners and runners-up in each league would be paid for and provided by the Kent County Rugby Football Union.

11. Promotion and relegation may apply between the Leagues. Where considered practicable by the Competitions Committee.

12 If a club forfeits a more senior fixture but continues to honour lower league fixtures on the same day, and that leads to a complaint from any team losing a merit table fixture with this reason being cited, the league coordinator may invoke rule 13.1 or allow the result to stand as is appropriate for the specific circumstances where a complaint is received. Disciplinary sanctions may be invoked by the League Committee.

13 All grievances are to be notified in the first instance by letter or email to the relevant league committee within 7 days following the fixture.

13.1 If, and in the opinion of the appropriate league committee, any member club, through it's representatives or teams, has acted in direct infringement or disregard of the spirit and ethos of the SNKML competition, The League committee may impose sanctions and/or adjust recorded results or competition points, evenly and fairly.

14. Appeals against decisions made by the relevant league committee may be referred in writing to the Chairman of the KCRFU Competitions Sub-committee. All such appeals must be made made/received within 14 days of receiving a decision from the appropriate league /committee.
